

9 wildflowers to find!

Forget-me-not

Tiny blue flowers (some are pink or white) with a yellow centre

Vetch

Related to peas! Distinctive leaves (made up of 'leaflets') with pretty tendrils

Poppy

Find these iconic flowers on disturbed ground and fields

Speedwell

Often confused with forget-me-nots. Indigo flowers with white centres

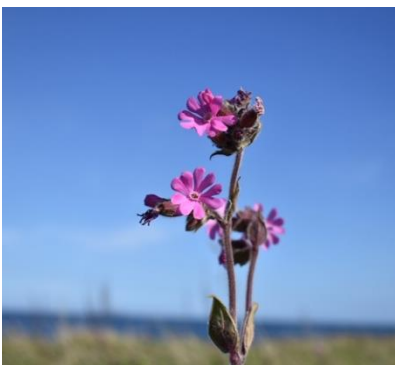

Wild garlic

You'll probably smell this forest plant before you see it

Primrose

Find these in forests and on grassy banks

Red campion

A common flower found in a range of habitats

Horsetail

These strange looking plants have been growing on Earth since long before the time of the dinosaurs!

Cow parsley

A familiar flower that can grow up to 1.5m tall
