

Autumn 2018 began with a second round of our BIG 5 literacy club for the session and a new term of Sunday Club where we were exploring the miracles of Jesus with stories, activities, craft and games.

September saw us return to the ladies craft evening when we had some new additions in the form of mini manicures and a selection of local photographs with wise words plus a fun canvas painting activity including glue, pain and a hairdryer – messy fun for the grown ups!

October saw the return of our annual Light Party with more bright, light activities and crafts at the town hall. Our theme this year was treasure and our pumpkin (kindly donated as ever by Kev Lancaster) was carved with a treasure chest this year. Decorating candles with wax paint proved popular too.

We had fun trying out a new activity to help us think about the true meaning of Christmas. Families were given a passport and collected stamps at each zone where a story was read, accompanied by themed crafts, activities and snacks. Our last event of the year was our well-loved Christmas craft day.

Our volunteers also loved taking Christmas crafts to the residents of Lady Walk as well as having the pleasure of delivering hampers to families in our community who appreciated a mix of essentials and gifts to help them celebrate Christmas together.
