

Summer 2020

Throughout the lockdown months, we have continued to create craft bags in batches, each time with a different theme. Recent topics have included seaside, butterflies and bugs, pirates, dinosaurs, flowers...each bag always contains an activity and these are loaded to our website, so do have a look for these fun resources here : <https://www.eastneuklighthouse.org/resources>

We have become aware that the P1 newstarts and the P7 leavers would be missing out on school visits and activities such as the Broomlee camp this year, so we got in touch with Anstruther Primary School, to offer transition gift packs for the pupils in these school years. The school were delighted to accept and you can see the contents of the packs below, ready for packing ...

P1 packs

P7 packs

... And here are the P1 packs, ready for delivery!... We hope that the children enjoy receiving them as much as we enjoyed shopping for and packing them!

We have also had fun creating packs for local groups around a specific theme. We recently teamed up again with local author Fiona MacDonald to create some craft bags around the theme of her book "Mac and Molly learn not to Worry."

If your family or community groups has not yet received a craft pack and you would like to, please contact us to make a request : lighthouse@noblemarketing.co.uk
