

Create one or more Easter scenes using Lego

<p>Scene 1 - Palm Sunday Jesus entered Jerusalem on a donkey. People waved palm branches to welcome him.</p>	<p>Scene 4 – Good Friday Jesus was made to carry a heavy cross up a hill where he was crucified.</p>
 A Lego scene depicting Palm Sunday. A central figure representing Jesus is on a donkey, moving along a green path. The path is lined with yellow and orange flowers. People on either side are holding up palm branches to welcome him.	 A Lego scene depicting Good Friday. A central figure representing Jesus is carrying a large cross on his back. He is being led up a hill by several other figures. The scene is set on a blue baseplate.
<p>Scene 2 – Jesus in the Temple Jesus went into the Temple to pray and to teach.</p>	<p>Scene 5 – Good Friday Jesus was laid in a tomb.</p>
 A Lego scene depicting Jesus in the Temple. A central figure representing Jesus is standing in a large, colorful structure that represents the Temple. The structure is built with many different colored bricks and has a complex, multi-tiered design.	 A Lego scene depicting Jesus in a tomb. A central figure representing Jesus is lying in a simple, rectangular structure that represents a tomb. The scene is set on a tan baseplate.
<p>Scene 3 – The Last Supper Jesus had a last meal with his disciples. He washed their feet and said goodbye to them.</p>	<p>Scene 6 – Easter Sunday Jesus came alive again on Sunday morning.</p>
 A Lego scene depicting The Last Supper. A central figure representing Jesus is sitting at a table with several other figures representing his disciples. The scene is set on a yellow baseplate.	 A Lego scene depicting Easter Sunday. A central figure representing Jesus is sitting on a yellow baseplate. The scene is set outdoors with a green tree and other figures representing people.

With thanks to the Aslan group at Tonbridge Baptist Church for their Lego creations!
